

Haffner Murat Ltd
Innovation and Technology for manufacturing
PVCu and Aluminium Windows

KS 101 Elumatec V Notch Saw

Standard Features

- Precision Vee-cuts for Aluminium and PVC profiles
- Pneumatic continuously adjustable saw blade feed for fast and precision sawing with rapid return
- Simple setting of cutting depth
- Connection for swarf extraction hose and container

Technical Data

- Air supply 7 bar
- Power supply 230/400V, 3ph, 50Hz
- Power output each motor 0.9kW
- Max cutting depth 60mm
- Max profile height 100mm
- Saw blade diameter 254mm
- Spindle speed 2,800rpm
- Length 980mm
- Width 800mm
- Height 1,650mm
- Weight 220kg
